

# SAFE AT WORK

Keep yourself and others safe from sickness at work

Do not come to work if you are sick or have to take Panadol or nurofen - this can mask to symptoms of infection

Use hand rub when you enter and leave

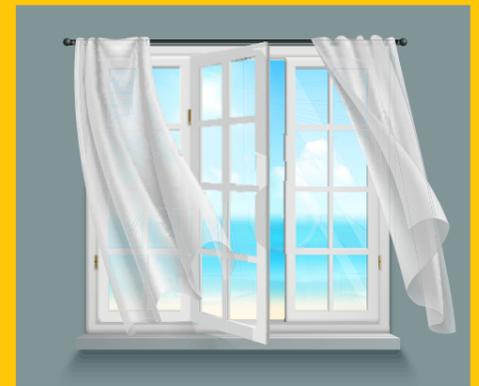

Wipe down your work space a few times through the day

Keep 1.5 metres away from others

Use video or phone more instead of face to face if you can

Keep your door or windows open

Limit face to face meeting to less than 2 hours with physical distancing

Wash your hands often

If you start feelin sick at work - Go home and get tested for COVID19
